

ATHENAPowerLink® Program

A board of advisors for a woman business owner for one year

Women-Owned Businesses

Businesses are selected from a field of applicants by a governing body made up of volunteer community members. Once the specific needs are determined, the local program recruits local professionals to provide the necessary guidance. The business owner is then paired with a volunteer board of advisors that is tailored to fit the company's needs.

Criteria

- Business must be at least 51% owned and actively managed by a woman.
- Minimum of two (2) years in operation.
- Minimum of the equivalent of two (2) full-time employees (including the owner).
- Annual revenues of at least \$250,000 for retail or manufacturing businesses.
- Annual revenues of at least \$100,000 for service businesses.
- Clearly defined company objectives/goals with explicit reasons for seeking ATHENAPowerLink's assistance in meeting those objectives/goals.

"My board of advisors made me question everything I did and how I did it and why I did it... they gave me the language of business that I had been missing."

-Anita Brattina, President, Direct Response Marketing, Inc.
